01 Key Selling Point - 7-in-1 Versatile Vacuum

Unlock Possibilities with Switchable Attachments

Wet and Dry Vacuum

(NEW)

Designed for integrated vacuuming and mopping, it handles wet and dry messes simultaneously. With **little waiting time** and **no need to air-dry** like a traditional mop, floor washing and self-cleaning processes are quick and hands-free.

CelesTect™ Illumination Multi-Surface Brush

(NEW)

The upgraded **CelesTect™ multi-surface** brush excels on carpets and hard floors alike.

- The adjustable front opening design addresses both long carpet cleaning challenges and large particle pickup issues.
- The brush is illuminated with CelesTect™ (LED lights) to collect fine dust on hard floors for a more thorough clean.

Motorized Mini-Brush

Efficiently lifts fur, dust, and debris from **upholstery**.

Combination Tool (Deep Reach)

Targets grime in corners, crevices, and other **hard-to-reach** areas.

Combination Tool

(Daily Reach) w/o Extension Rod

Gently dusts and sucks up scattered debris from hard surfaces such as keyboards and desktops.

Cordless Carpet Spot Cleaner

- Cleans Multiple Surfaces
- 18,000Pa Suction and Spray Penetrates
- Dislodge Old Stains with 60°C Hot Water
- Deodorizing Spot Formula Reduce Odors
- Self-Cleans Hose with One Press

02 Selling Point - Thorough Cleaning

GapFree™ AI DescendReach Robotic Arm NEW

01 Reduces the Front Gap to 0mm* with Triple Edge Cleaning

Our GapFree™ AI DescendReach robotic arm anticipates and descends to clean the front area, bridging the 2cm gap left by previous models, delivering true, seamless triple edge cleaning.*

*2cm gap: Compared with our previous models, based on our in-house lab data.
*0mm: The distance between the wall and the front, left, right sides of the brush can be reduced to 0mm for dust removal. Source of test data to be updated.

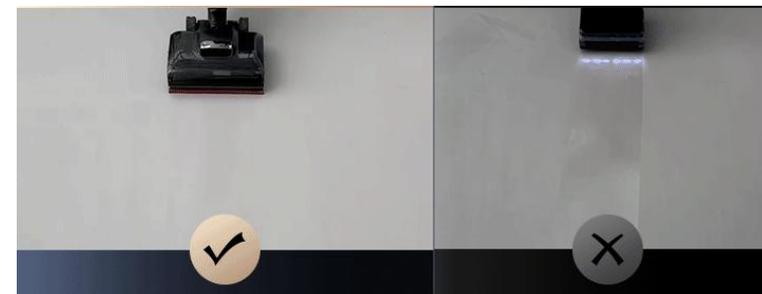

02 Smart AI Robotic Arm Detects Debris & Lowers in Just 0.2s

After you glide the vacuum forward, the AI DescendReach robotic arm lowers to reach dust and debris in just 0.2 seconds, yet causing little damage to your walls, and your cleaning sessions are as seamless as possible.*

*0.2s: The time for the robotic arm to lower and reach floors once you glide the brush forward and stop, based on our in-house lab data. Report No.: ZMX-240830-008-119

03 Results in Nearly 0 Water Stains

Whenever you pull backward, the lowered robotic arm makes firm contact with the ground using its scraper, leaving nearly 0 water stains.*

*Nearly 0 water stains: In one push-and-pull round, the average residual water stains are around 0.01g. Test data & source to be updated.

03 Key Selling Point - Thorough Cleaning

Industry-Leading 22,000Pa Suction for Wet & Dry Cleaning

NEW

H15 Mix raises the cleaning game with its 22,000Pa* suction power, tackling various messes with ease, wet or dry, surface or ground-in. No mess is too tough, from spaghetti and coffee beans to annoying kitchen grease.

*22,000Pa suction: Report number need to be updated.

*Images for reference only.

04 Key Selling Point - Thorough Cleaning

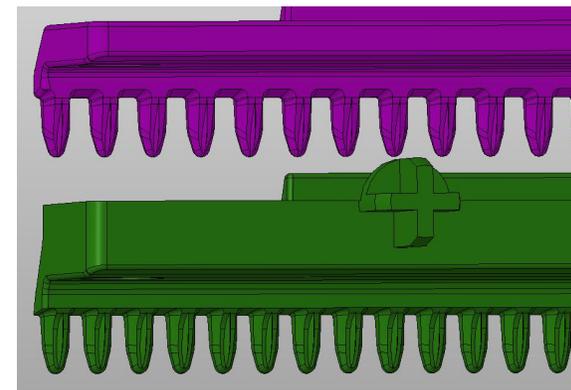

TangleCut™ 2.0 Resilient Scraper NEW

0 Tangles* in Human Hair and Pet Fur

H15 Mix TangleCut™ 2.0 Resilient Scraper is the ultimate solution for a hair-free home, handling everything from human hair to pet fur. **A 15% denser comb teeth layout efficiently intercepts and cuts through hair more precisely, providing a smoother cutting experience.** This advanced design ensures faster hair separation and a tangle-free brush, making it the perfect tool for families with pets and anyone seeking a cleaner, hair-free environment.

From a previous 3mm now to 2.6mm spacing

Previous Generation

H15 Mix

*Images for reference only.

*0 tangles: Test data & source need to be updated.

05 Key Selling Point - Thorough Cleaning

Lower Spaces, Uncompromised Suction **(Upgraded)**

H15 Mix fully reclines to 180° and hugs the floor seamlessly, fitting into spaces as low as 14cm for the body and 10.6cm for the brush head*.

The used water tank securely holds the dirty water, preventing any damage to the primary motor and thus allowing H15 Mix to maintain up to 22,000Pa* suction power even when cleaning under beds and sofas.

Thanks to the **Omni-wheel** on the back, you can easily swivel left and right when you lay the vacuum flat. This low-profile wheel keeps the surface scratch-free and saves you from lifting, reducing fatigue.

*180°, 14cm, 10.6cm: The entire body of the vacuum cleaner can reach spaces as low as 14cm and the brush head as low as 9.6cm.

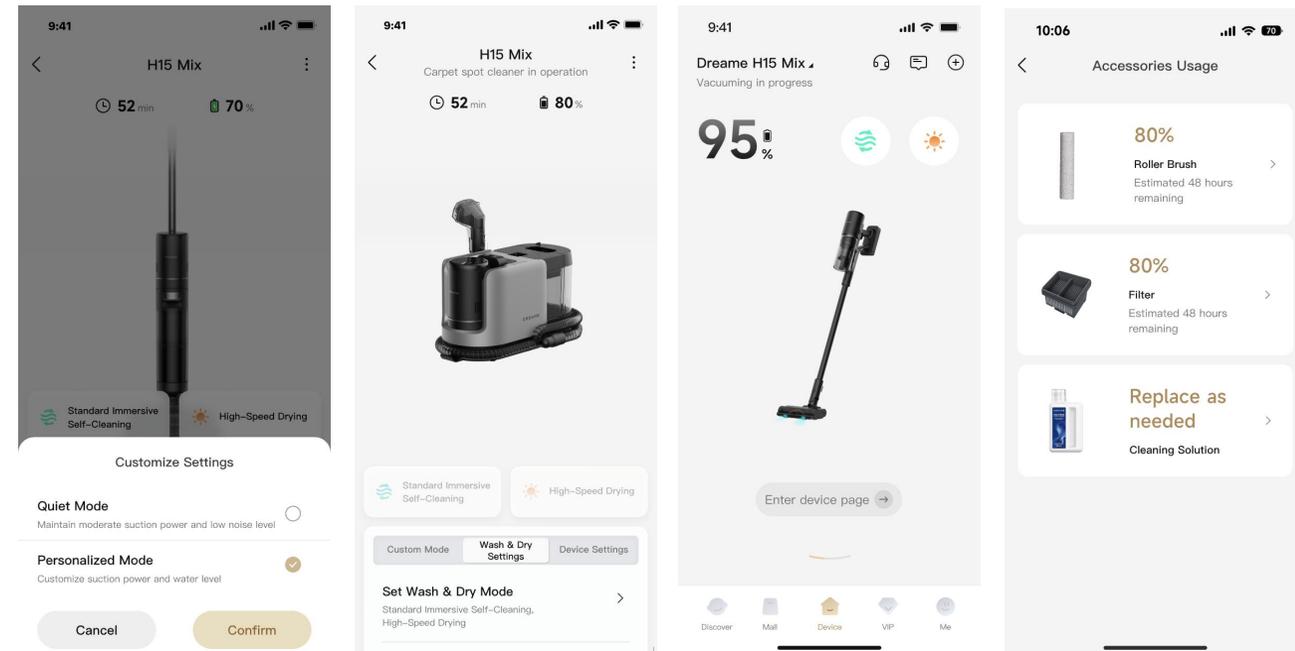

06 Selling Point – Smart Floor Cleaning

Dreamehome Smart App Control

Unlock a World of Personalized Control

Connect to the Dreamehome App (2.4GHz Wi-Fi required):

- **Custom settings:** Adjust suction power and water flow to match your preferences and floor types.
- **Replacement reminders:** Stay ahead of maintenance with notifications for filter replacements and brush cleaning.
- **OTA upgrades:** Enjoy ongoing improvements delivered directly to your vacuum.
- **Smart Attachments Display [NEW]:** View real-time status updates in the app as H15 Mix automatically adjusts settings based on the attached accessory.

Smart Ratio Cleaning Solution with Smart Detection & Adjustment

Dirt detection, suction power, water flow, and detergent concentration automatically adapt based on the detected dirt level to clean messes and grime of varied sizes and consistency, bringing a more tailored cleaning experience and enhancing deep stain removal capability.

Step 1: **Smart dirt detection** senses the level of dirt and displays it in different colours on the LED screen.

Step 2: H15 Mix **automatically adjusts the cleaning solution ratio** based on the detected dirt level, ranging from 1:200 to 1:30, giving higher concentration for tougher messes.

Step 3: The detection system ensures **one fill lasts for one month**, eliminating the need for consistent refilling.

08 Selling Point – Smart Floor Cleaning

Extended Runtime with Detachable Battery Pack

H15 Mix delivers up to 65 minutes of cleaning in floor-washing mode and an impressive 75 minutes in vacuum mode, ensuring uninterrupted performance for large spaces. Need even more power? The detachable battery pack lets you double the runtime, so you can swap in an extra battery and keep cleaning without pause. Say goodbye to battery anxiety and confidently clean, no matter the task.

Floor Washing

- 65min* Runtime (Quiet Mode) x2
- 45min Runtime (Smart Mode) x2
- 400m² Coverage in One Go

Vacuum Mode

- 75min* (Standard Mode) x2

*65min/45min/ & 400m² : Based on our in-house lab data. Actual runtime may vary.

09 Key Selling Point - Effortless Self-Cleaning

ThermoTub™ Immersive 100°C Hot Water Brush Wash NEW

Deep Clean Master with 100°C* Hot Water

H15 Mix means business with its hot water brush washing, dissolving grime as the brush spins clean. Start immersive self-cleaning with one press, or switch to 2 additional modes for a tailored experience through your Dreamehome App:

- Standard (Default)
- Deep-Clean (For heavy dirt or large areas)
- Auto-Adjust (Auto selects the better mode)*

100% Coverage with Immersive Self-Cleaning

H15 Mix's ThermoTub™ high-temp, immersive self-cleaning system is here to uplift your cleaning experience. The brush is thoroughly rinsed inside the base, with its fibers fully immersed in 240ml* of hot, clean water, just like a bathtub. This represents a 98.3%* increase in water output compared to the previous generation for a 100% brush and brush head interior refresh*.

*100°C: The temperature above the PTC heating system reached up to 100°C, based on our in-house lab testing conditions. Actual water temperature and cleaning performance may vary.

*Auto-Adjust Mode: Selected via the Dreamehome app, this mode defaults to Standard Mode but switches to Deep Clean Mode if either of these floor cleaning conditions is met: 1. operation reaches 15 minutes 2. dirt detection reaches 3 seconds.

*100% coverage/refresh: The immersive self-cleaning fully covers the brush head interior and brush fibers, based on TÜV SÜD (China) Shanghai branch. Report number to be updated

*240ml, 98.3%: Based on our in-house lab data comparing H15 Mix's Deep-Clean self-cleaning mode with H14 Pro.

10 Selling Point - Effortless Self-Cleaning

(Upgraded)

Upgraded Heat-Resistant, High-Absorption Brush

NEW

H15 Mix has a heatproof brush and scraper designed for durability and performance. The brush fibers can withstand temperatures up to 100°C without deforming. Meanwhile, the brush better absorbs liquid stains for minimal residuals to help floors dry faster.

Durable:

High-temperature resistant material protects brush fibers from damage.

Prone to Wear:

Extended high-temperature exposure causes fibers to become dark and rigid over time.

*100°C resistant brush: Under conditions of 23°C and 50% RH, the brushes remained fluffy after 280 tests of 100°C hot water self-cleaning, based on our in-house lab data. Report No. ZMX-240308-008-1

11 Key Selling Point - Effortless Self-Cleaning

Flash or Quiet Drying? Enjoy Both NEW Simultaneously

Experience the best of both worlds with our fast and quiet drying system. High-speed, consistent heated airflow dries and refreshes the brush quickly in a sealed space*.

Select either of the following modes based on your needs*:

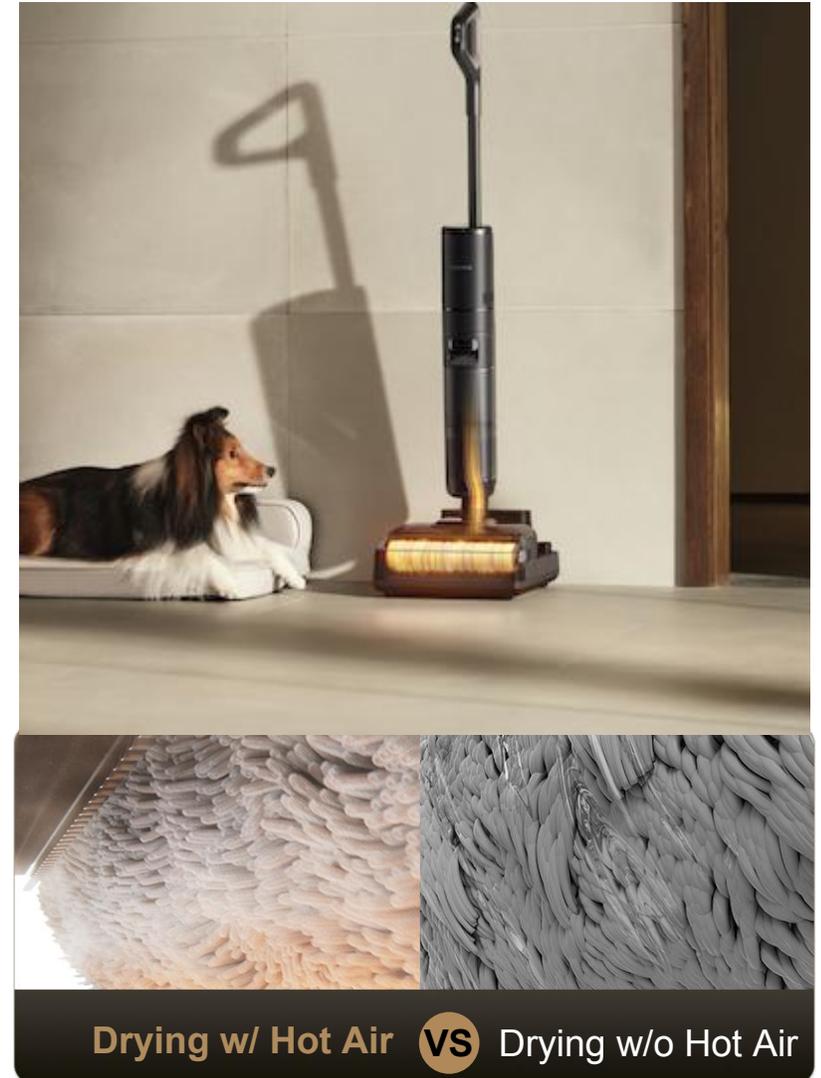

- 5min 90°C Super-Speed (perfect for busy schedules)
- 30min 85°C High-Speed (default, ideal for regular maintenance)

Operating at just 63dBA*, H15 Mix provides a comfortable and quiet drying experience right after the hot water wash.

*Sealed brush care: The rolling brush is sealed on the base and then dried with hot air.

*5min 90°C/30min 85°C drying: Under conditions of 23°C and 45% RH, based on our in-house lab data. Actual usage may vary.

*63dBA:Based on GTT Surface Cleaning & Air Treatment Laboratory. Report number to be updated.

*Images for reference only.

12 Key Selling Point - Beyond Floor Washing

AirGuard™ Multi-Cone Technology

H15 Mix features AirGuard™ Multi-Cone Technology with over 99% separation efficiency*, effectively capturing dust and mites to prevent secondary pollution. Its 5-layer filtration system traps particles as small as 0.3 microns*, ensuring cleaner air and healthier living spaces. This advanced filtration also reduces dust and debris buildup on the filter, minimizing wear and tear, which helps extend the filter's lifespan. Additionally, with no loss of suction*, the system provides longer-lasting suction power and a more durable machine for continuous, powerful cleaning.

100AW / 22,000Pa

*99% separation efficiency, 0.3 microns (TBD): Third-party report

*No loss of suction: Based on third-party (TBD)

100AW: est data & source to be updated

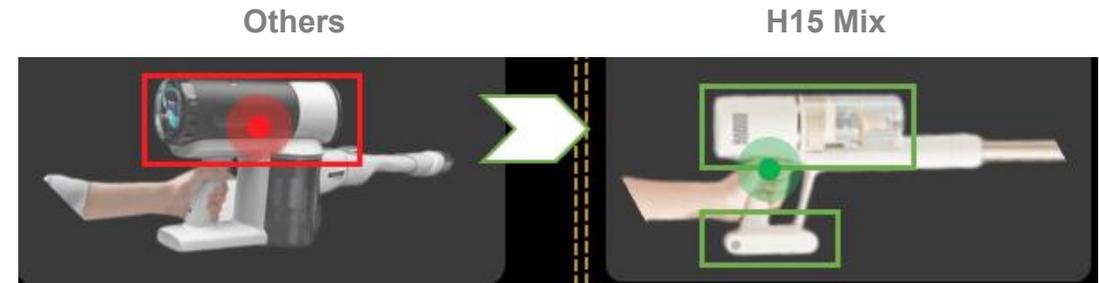

*Images for reference only.

12 Key Selling Point - Beyond Floor Washing

PowerAlign™ Grip Effortless Control with Less Strain

H15 Mix is designed for easy handling with PowerAlign™ Grip, positioning the battery and motor at opposite ends to keep the center of gravity close to your hand to reduce wrist strain and enhance maneuverability. The main motor, weighing 2.1kg*, ensures a comfortable grip for deep cleaning and quick touch-ups while minimizing fatigue, even during extended use.

*2.1kg: Based on our in-house lab data. (TBD)

The higher center of gravity makes balancing feel like walking a tightrope.

An evenly distributed center of gravity moves in perfect harmony with you.
