

C3 Piano Black (EA)

## The automatic pure-coffee machine in the premium economy class

Minimalist and first-class: the C3 is a powerful yet compact automatic coffee machine. Equipped with a full-size brewing unit and the P.A.G. grinder, it makes black speciality coffees with character and an intense aroma. The C3 also features the Pulse Extraction Process (P.E.P.®), which gives the espresso a dense, velvety-soft crema, from mild to strong.

The automatic pure-coffee machine also follows the principle of simplicity in its design and operating concept. The Easy Control Panel with four buttons ensures simple and intuitive navigation. By fitting the optional Wi-Fi Connect to link the C3 to the J.O.E.® app, the functionality of the machine can be extended: users can customise product settings even more easily and create different taste profiles.

The convex-concave front is an eye-catching design feature. The water tank and cup grille replicate the wave design, lending the automatic coffee machine an elegant and timeless style. A harmonious design that has its origins in the premium segment.

### Benefits at a glance

- Black speciality coffees with character and a variety of aromas thanks to the full-size brewing unit
- Intuitive operating concept means you can enjoy delicious coffee in no time
- Inspired by the premium segment: timeless and elegant in a wave design
